

What are the team positions of the dogs?

Vern Halter's dog team from Dream a Dream dog farm on a summer run.

The team positions are lead, swing, team, and wheel dogs.

Lead dogs: These are your most intelligent and fastest dogs. The lead dogs are the two dogs in the front of the team. Their job is to lead the team.

Swing dogs: The job of these dogs is to help “swing” the team at the turns.

Team dogs: The team dogs are the dogs between the swing and wheel dogs. These dogs add power to the team.

Wheel dogs: Wheel dogs are directly in front of the sled. The wheel dog's job is to pull the sled out and around corners.
