### ***History of the Iditarod***

**Each group will be given one of the following tasks to complete over the history of the Iditarod.**

#### ***Snapshots of History***

**Task:** Your group will be creating a picture collage of pictures throughout the Iditarod's history. You will be using the app PicMonkey on the ChromeBook. Your group must find a picture from each decade of the race.

**Step 1:** Find a picture from each decade of the Iditarod. Your image must be labeled for reuse. Save the image to your Google Drive.

**Step 2:** Research each picture. You must have a write-up about each picture.

**Step 3:** Open the app PicMonkey. Create your collage.

**Step 4:** When you are finished creating your collage, you must have a write-up on each picture. You will need to be able to share your collage with the class and explain the relevance of each picture.

#### ***Joe Redington Sr.***

**Task:** Your group will be in charge of creating a FakeBook about the founder of the Iditarod. You must include dates, family, friends, jobs, where he lives, reason race was started, pictures, and 1 video.

**Step 1:** Research about Joe using the Internet and books in the classroom.

**Step 2:** Go to classtools.net and click on FakeBook

**Step 3:** Begin setting up Joe's profile

**Step 4:** You will present your profile with the class. Make sure you are able to explain Joe's life.

#### ***Flag of the Iditarod***

**Task:** Your group will be creating an official flag for the Iditarod. Your flag must relate to the history of the race.

**Step 1:** Research the history of the Iditarod

**Step 2:** Create a short written report on why you created the flag the way you did.

**Step 3:** Create you flag using Sketchpad.com (you will use the Smartboard)

#### ***Cartographers***

**Task:** Your group's job is to create a map of the Iditarod using Google's My Maps. You will add a description and pictures to your map. On [www.iditarod.com](http://www.iditarod.com) search Virtual Trail Journey to help in your research

**Step 1:** Research the checkpoints on the trail. Find out where each is located.

**Step 2:** Use Google - My Maps to begin creating your map

**Step 3:** You must include place markers, lines, a description, and picture

**Step 4:** Share your map with me.

***Musical Iditarod***

**Task:** Your group will be in charge of writing and singing an Iditarod themed song.

**Step 1:** Research the history of the Iditarod.

**Step 2:** Determine what song you will use. If you cannot think of a song use *We Didn't Start the Fire* by Billy Joel

**Step 3:** Replace the lyrics with your lyrics

**Step 4:** Use the app Audiotool to record your song.
