

Trivia Answer

How long is a half marathon? 13.1 miles

It took Aliy 3 hours 12 minutes and 18 seconds to finish the Skinny Raven Half Marathon back in the summer of 2013. What was Aliy's average pace (average minutes per mile)? 14 minutes 41 seconds

How many half marathons would Aliy have to run across the entire Iditarod trail? If we used 1049 miles, she would have to run the trail about 80 times.

If Aliy ran the Iditarod using her average pace you figured out earlier, how long would it take her to run the Iditarod trail? A little over 10 ½ days

I chose this trivia fact for this week because I am running the Chicago Marathon on Sunday, October 12. My goal is to finish in 4 hours and 59 minutes. What pace do I need to run in order to accomplish my goal? About 11 minutes 25 seconds

How many marathons would someone need to run to cover the entire Iditarod trail? If we used 1049 miles, one would have to run about 40 marathons.
