

Mystery Skype

Jobs: Each group or pair of students will be in charge of a specific job as we Skype with a class from Alaska. We are trying to narrow down where in Alaska this class is located.

Greeters: Your job is to introduce our class to the class in Alaska. Make sure you don't tell them where we are located. Let them know what grade and class we are.

Q & A: Your job is to ask the questions we have for them. Your job is to also answer any questions they have for us. Remember to try to ask yes/no questions. You will be receiving new questions from a different group as we work.

Recorders: Your job is to record the answers to all the questions on the board so the rest of the class can see. Make sure you include the question.

Videographer: Your job is to take different video clips of our chat with Alaska. Take video of the Skype and all groups at work.

Photographer: Your job is to take pictures of our chat with Alaska. Take pictures of the Skype and all groups at work.

Google Earth: Your job is to use Google Earth and try to narrow down where the class is located. Work with the group that is creating new questions to help them come up with new questions.

Mappers: Your job is to use the map of Alaska to try to narrow down where the class is located. Work with the group that is creating new questions to help them come up with new questions.

New Questions: Your job is to work with the mappers and come up with new questions for the Q & A group to ask.

Runners: Your job is to take the new questions up to the Q & A group.

Blogger: Your job is to live blog about our chat with Alaska.

Twitter: Your job is to live tweet about our chat with Alaska. Use the #mysteryskype
