

In what state does the Iditarod take place every year? Write about it, and draw a picture of it.

A large rounded rectangular box with a thick black border. Inside the box, there are three horizontal lines that divide the space into four sections. The top section is the largest, and the three bottom sections are smaller and of equal height. This layout is designed for a student to write their answer to the question and then draw a picture of the Iditarod race.
