

FRACTION DOG YARD

Congratulations! You have just bought a dog yard in Alaska, and you are going to train to be an Iditarod musher. It is a dog yard full of fractions. Use the following information to complete the map of your new dog yard.

- $\frac{3}{9}$ of the houses are green
- $\frac{3}{9}$ of the houses are red
- $\frac{3}{9}$ of the houses are blue
- $\frac{2}{9}$ of the houses have a husky on top of the roof
- $\frac{6}{9}$ of the houses have a husky inside the house
- $\frac{1}{9}$ of the houses have a husky on the right side of the house
- $\frac{4}{9}$ of the houses have a dog bone inside
- $\frac{9}{9}$ of the houses have a dog bowl outside

Bonus

Write your own fraction problems on the back and add those details to your dog yard too!
