

Welcome to Karma Kennel. My kennel is named after one of my dogs Karma. Karma is a very special dog compared to the rest. I live in Big Lake, Alaska. Why I named my kennel, Karma Kennel, is because karma was a birthday gift when I was 19 years old. He is the reason why I started mushing. My kennel is everything to me. He was my first dog I ever had. And Karma is not the bad kind it is the good kind of karma. When my mom adopted him it was just a party from there on. He is the best dog I could ever ask for. I have been mushing for the past 5 years. My dogs love company and I bet they would love you. So come on down and you can see my dogs and everything I do and learn about the Iditarod.
