## Sisters Race the Iditarod

Anna and Kristy Berington are twin sisters from Port Wing, WI. They moved to Alaska ten years ago, and have loved life with their dogs ever since. Anna has finished the Iditarod six times and Kristy has finished eight times. When going down the Iditarod trail the sisters travel together, and they even finished within a minute of each other this year. The girls currently own 30 dogs, but they also lease dogs from a few other mushers for racing.
