

Rookie Shaynee Traska needed to check the paws of two dogs. How many paws did she inspect?

What if another dog needs to be checked? Now how many paws did Shaynee check?

Musher Wade Marris' dog had a bootie on each paw. He lost two while running in the snow. How many booties does the dog have now? Show your work.

At the Galena checkpoint, 28 mushers checked in and rested. If there were 72 mushers altogether, how many were NOT in Galena?
