Recording Sheet for Math with Dog Harnesses

Directions:
1. Draw out all the possible arrays for your dog team based on the "dogs" in your baggie. Be sure that the same amount of dogs is in each row.
2. Use X for each dog and a rectangle for the sled the team is pulling.
3. Draw lines connecting the dogs to each other and the sled

Baggie 1 _____ dogs

Baggie 2 _____dogs

Baggie 3 _____ dogs

Baggie 4 _____ dogs

WAIT to complete until the teacher talks with you about this:

What is a prime number?

What is a composite number?
