Debski's Diner

It's breakfast time for the volunteers in Nome!

Using Debski's Diner Data list:

- Plan your menu
- Make a list of the ingredients you will need for your menu
- Using two packages of each ingredient tell how many ounces of each you will be using. (Make sure to change pounds to ounces)
- **** You may provide one ingredient that is not listed that Debski may bring with her ****

Here is a lunch example:

Menu:

Hot Dogs with Macaroni and Cheese with Tang

Ingredients Needed:

Hot Dog Buns- $12 \text{ ounces} \times 2 = 24 \text{ ounces total}$

Onions, Chopped- $12 \text{ ounces} \times 2 = 24 \text{ ounces total}$

Macaroni & Cheese Shells- $7.25 \text{ ounces} \times 2 = 14.5 \text{ ounces total}$

*** Cheddar Cheese, shredded- $16 \text{ oz} \times 2 = 32 \text{ ounces total}$ ***

Sausage Links- $6.4 \text{ ounces} \times 2 = 12.8 \text{ ounces total}$
