

## 6th Grade Creative and Informative Writing Lesson:

### The Debski Challenge:

You are the assistant to Debski the Great- the head cook for the volunteers at the Nome checkpoint. You must help her plan and cook for all of the volunteers as they wait for mushers to finish their journey of “The Last Great Race.”

Look at the actual list of the food that was ordered this year. Create 5 different meals that you could help her cook.

1. Breakfast
2. Lunch
3. Dinner
4. Vegetarian option meal
5. Favorite dinner meal

How many of each food items would you need to use? How many total meals do you think you could create with this amount of food? Show your work by writing a list of meals, a short paragraph to explain your choices, and calculations. Draw or find a picture online of your favorite meal!
