

Iditarod Fun on the Trail Friday!

Kari Wright- 2026 Teacher on the Trail

Grade Use- K-5

Unit- Iditarod

How To:

You play this just as you would the standard memory game. Print 2 copies of each card on cardstock. Each group gets a set of cards. The cards are turned over and students take turns flipping over 2 cards trying to match a set. If not, the cards are turned back over and play moves to the next person. If a match is made, the player goes again. Player with the most matches when all cards are used, wins.

Activity:

Iditarod Memory Game

Notes...

- To add to student learning, when any 2 cards are turned over, they attempt to verbally connect those 2 cards in some way.

Remember for Next
Time....
